Ladies = Red

Marlington

GlenOak

### Event Details

FORMAT(BASED ON FULL FIELD OF 18 TEAMS): No school requirements, you can play with anyone, from any school. Your 4 person team will list which school they are playing for. The winning team will go on the annual golf outing trophy with the schools name and team members. This trophy will be at the golf outing every year going forward and is just for fun bragging rights and has no monetary value to the winning teams.

Each team will start at their designated hole to start the day and will play 18 holes until the completion of the round.

Each hole will be represented by one of the schools in the conference. There are 19 schools so all the holes and the putting green will have a team that it represents.

Hole sponsors with sign will be on each hole for each sponsor representing that school.

There will be hot dog and chips at the turn by the club house.

We will have food from Papa Gyros and GameTime at the conclusion of the round.

We will also have raffle baskets and give-aways (depending on donations) during the post golf lunch.
