FORMAT

FORMAT(BASED ON FULL FIELD OF 20 TEAMS): Teams bowl **12** Baker System games using 5 different pairs. You bowl 1 game on each lane of your pair. Then after every 2nd game on the pair, even teams move right, odd teams move left 1 pair. Field is then cut to the top 6 teams by high total pin fall scratch based off of 20+ teams. We will cut to top 4 if we have 15 or less teams in the field. (Second Chance!) Those teams that didn't make the cut will move to the non advancing pairs of the house and participate in an optional second chance tournament USING THE SAME TEAM YOU USED DURING THE FIRST ROUND, you will bowl 3 additional games for a chance at the total pin fall second chance prize.

SECOND ROUND: Everyone gets 1 warm up ball, on each lane (total of 2 shots) Best 2 of 3 match play according to seeding, with complete match bowled on same pair. Higher seed has starting lane choice **and** choice of lane game 5, should it come down to the 3rd game. Winning teams from match play advance. All ties will be 9th and 10th frame roll off using 1 member of each team.

(3 v 6 & 4 v 5 with seeds 1 and 2 getting 10 tracked shots on a warm up pair as they wait)
THIRD ROUND: Everyone gets 2 warm up balls, on each lane (total of 2 shots or 5 mins whichever comes first)

Best 2 of 3 match play with teams remaining in same bracket. High seed again has choice of starting lane and game 3. Two winning teams from match play advance.
(1 v low seed, 2 vs. high seed remaining)

FINAL ROUND: Final two teams in best 3 of 5 match play. 1 ball warm up each lane. Higher seed again has starting lane choice and game 5 lane choice should it be needed.
